New Revised Standard Version

First published in 1989, the NRSV is widely noted for its faithfulness to the original manuscripts, its unbiased scholarship, and for the dignity and clarity of its language. It is in widespread use in numerous churches, colleges and schools; its scholarly background makes it the natural choice for anyone wishing to study the Bible in depth. In 1995 Oxford University Press introduced the ‘anglicized edition’ of the text, with British English usage throughout, encompassing spelling, vocabulary, grammar, punctuation, and idiom.
